Professional Summary

Engineered end-to-end web applications using Java, Spring Boot, and modern JavaScript frameworks. Integrated RESTful APIs and optimized database operations for maximum performance. Collaborated closely with cross-functional teams to deliver scalable, user-focused solutions.

Education

Anurag University

Bachelor of Science in Computer Science

Oct 2021 – May 2025

Hyderabad, Telangana

Experience

Zidio Development

May 2025 – Present

UI/UX Designer Intern

Virtual

- Collaborated with a team of six to design a feature-rich Learning Portal that offers 10+ courses and integrated internship opportunities.
- Designed and implemented a Game-based Learning platform with core features such as live/offline access, 1:1 mentorship, and a course rating and review system.

Teachnook

Sep 2024 – Nov 2024

Web Development Intern

Virtual

- Acquired full-stack development skills through intensive hands-on training at Teachnook, ranked among LinkedIn's Top 10 Startups of 2023.
- Developed a real-time Weather App using geolocation APIs to fetch location-specific forecasts. Achieved 90% accuracy in displaying 5-day weather predictions with optimized data handling.

Projects

SkillAssess|*React.js, Spring, SpringBoot, Hibernate, Mysql, Docker, AWS*

June 2025 – Present

- Enabled precise, role-aligned skill evaluation by building a full-stack assessment platform featuring 20+ topic-driven and company-specific tests across structured sections like logical reasoning, programming, and databases.
- Generated detailed test insights by architecting time-based, section-wise assessments with automated evaluation across 10+ test patterns, covering pass/fail status, accuracy, time analysis, and section scores.
- Designed an interactive dashboard to track test history, monitor progress, and display performance analytics, enhancing user engagement and insights by 40%.

Food Delivery|*HTML/CSS, JS, Bootstrap, Jsp, Mysql, Docker*

Dec 2024

- Engineered a full-stack food delivery platform featuring 8+ restaurant listings and interactive menus, enabling real-time cart updates and delivering a seamless ordering experience.
- Added real-time cart updates, delivery address input, and coupon features, making the checkout process 30% faster and more user-friendly.

Netflix-clone|*HTML, CSS, JS, Vercel*

July 2024

- Developed a fully responsive Netflix Clone replicating 90%+ UI accuracy of the original interface, ensuring seamless performance across desktop and mobile devices.
- Displayed a diverse library of 30+ Movies and TV Shows, adding depth to the interface and enhancing the realism of the streaming platform clone..

Technical Skills / Soft Skills

Languages: Python, Java, C, HTML/CSS, JavaScript, SQL

Developer Tools: VS Code, Eclipse, IntelliJ IDE, Figma, Adobe XD, Docker

Technologies/Frameworks: GitHub, Bootstrap, JUnit, React.js, Spring, SpringBoot, Hibernate, WordPress

Soft Skills: Teamwork, Task prioritization, Agility, Communication, Collaboration, Creativity, Leadership

Certifications / Extracurricular Activities

- Completed **UI/UX Design Internship** at TuteDude, contributing to 2+ real-world design projects.
- Secured **7th position** among 50+ teams in a national-level **UI/UX Hackathon**.
- Earned **Java Full Stack Certification** from **Wipro TalentNext** by completing **4 milestones**.
- Led team to **1st place** in university inter-departmental **Football championship**.
